

BOSTON EDISON COMPANY
GENERAL OFFICES 38 BOYLSTON STREET
BOSTON 12, MASSACHUSETTS

October 8, 1952

Mrs. John C. Dolan, Jr.
269 Main Street
Concord, Massachusetts

Dear Mrs. Dolan:

This will acknowledge your letter of September 30. Although Boston Edison Company does not employ married women, there are occasions when this office does hear of opportunities in the home economics field. With this fact in mind, if you would care to talk with us and outline in further detail your desires, we should be very glad to make a note of your availability and to have you in mind.

I would suggest that you not make a special trip to Boston, but feel that on some occasion when you are coming in on other business, that it would be worth while to visit this office. Generally speaking, an excellent time for such an interview is between 9:30 and 10:30 a.m.

Sincerely yours,

Emma Maurice Tighe
